DETAILED ACTION

Allowable Subject Matter

Claims 1-18 are allowed.

The following is a statement of reasons for the indication of allowable subject matter. The closest prior art is Hansson (U.S. Patent No. 6,769,843). Hansson fails to disclose side cutting edges having a serrated form with plurality of steps from the top view.

Hansson does disclose an insert having a cutting portion that extends rearwardly towards the clamping portion.

However, as stated above the prior art disclosed fails to teach side cutting edges having a serrated form with plurality of steps.
